

LAUNCHPAD

Getting Started Guide

Overview

Launchpad

Thank you for buying Launchpad, the iconic grid instrument for Ableton Live. You're now part of the evolution in the creation of electronic music!

The moment you plug in, your Launchpad will integrate with Ableton Live. It'll give you 64 full colour pads for launching clips and controlling just about anything you like. They'll even match the colour of your clips in your session view, to help you stay focused while you perform.

Getting started is straightforward, but please read this guide carefully the first time you use your Launchpad. It will help you get up and running as smoothly as possible.

Enjoy!

Get Started

Please follow these steps to get up and running quickly.

This guide will take you through each step in more detail, so read on before you start.

1. Check your box contents
2. Plug in
3. Register and download the included software
4. Get Ableton Live Lite
5. Quick configure in Live
6. Play with the demo set

Get Started

1. Check Your Box Contents

You should find all of this in your box. If anything is missing, please contact us.

Hardware

- Launchpad
- USB cable

Documentation

- This helpful guide
- Ableton Live Lite instruction card
- Safety sheet

Your software bundle code is on the back of this guide.

Your software bundle code is on the back of this guide. This gives you access to the following software downloads online as well as documentation:

- Novation Bass Station plug-in synthesizer
- Novation V-Station plug-in synthesizer
- Loopmasters sounds and samples

Get Started

2. Plug In

Take your Launchpad and USB cable out of the box. Connect them to your PC or Mac.

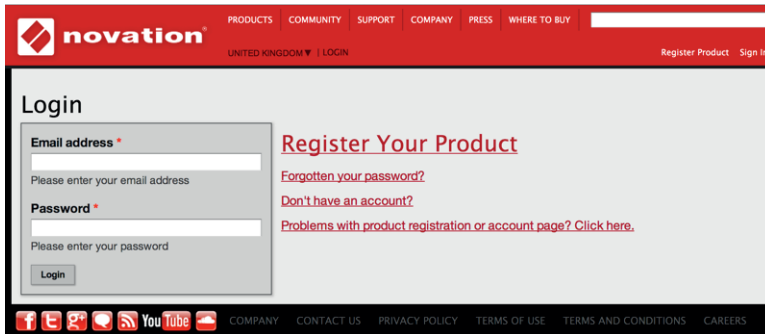

The pads will flash briefly to let you know it's working. It won't trigger any sound yet, however.

This guide gets you up and running with Ableton Live. If you want information on other music software, please check online for guides that will help you in more detail.

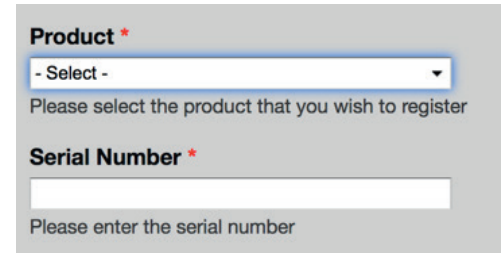

Get Started

3. Register and Download the Included Software

Go to novationmusic.com/register and click Register Your Product

The screenshot shows the Novation website's registration page. The top navigation bar is red with the Novation logo on the left and links for PRODUCTS, COMMUNITY, SUPPORT, COMPANY, PRESS, and WHERE TO BUY on the right. Below the navigation bar, there is a search bar and a 'Register Product' link. The main content area is divided into two sections: 'Login' on the left and 'Register Your Product' on the right. The 'Login' section has fields for 'Email address' and 'Password', both with asterisks indicating they are required, and a 'Login' button. The 'Register Your Product' section has links for 'Forgotten your password?', 'Don't have an account?', and 'Problems with product registration or account page? Click here.' At the bottom of the page, there are social media icons for Facebook, Twitter, Google+, YouTube, and LinkedIn, along with links for COMPANY, CONTACT US, PRIVACY POLICY, TERMS OF USE, TERMS AND CONDITIONS, and CAREERS.

This image shows a close-up of the registration form fields. The 'Product' field is a dropdown menu with the text '- Select -' and a downward arrow. Below it is the instruction 'Please select the product that you wish to register'. The 'Serial Number' field is a text input box with the instruction 'Please enter the serial number' below it.

Select Launchpad MK2 from the dropdown list and enter your serial number. You can find it on the label on the underside of your Launchpad: it is 12 or 13 characters long, the first 3 characters can be numbers or letters, but the rest will only be numbers.

Your serial number is not the same as the software bundle code.

Then click "Get My Stuff" to download your software. If you don't have a Novation account, we will ask for a few details.

Make sure you download "Launchpad Demo for Live". You'll need it for step six, so remember where you save it on your computer.

Get Started

4. Get Ableton Live Lite

Inside this guide you'll find an instruction card for downloading and registering Ableton Live Lite. Follow these instructions and jump back here when you've got it running.

If you already have Ableton Live, please update to the latest version to make sure your Launchpad is supported.

III≡ Ableton Live Lite

5. Quick Configure

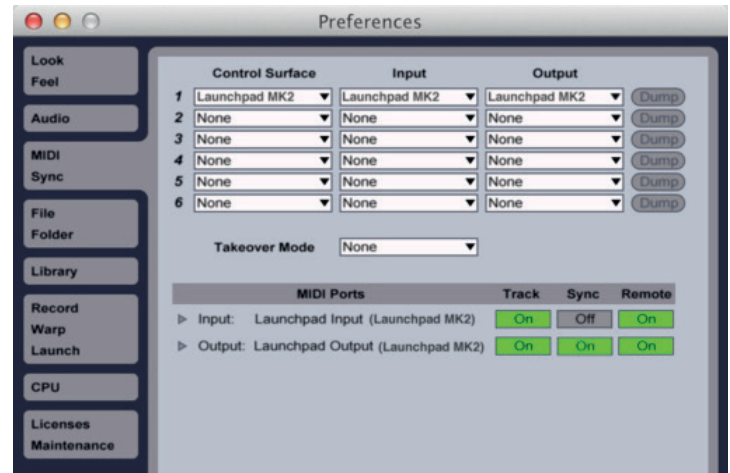

In Ableton Live, go to the menu and click Preferences.

From the list of tabs on the left, click the MIDI / Sync tab and you will see the following:

Click the first drop down box under Control Surface.

Choose 'Launchpad MK2' from the list.

Under Input and Output select 'Launchpad MK2':

6. Play with the Demo Live Set

From Live's File menu, click Open Live Set. In the dialogue box that pops up, find the Launchpad Demo for Live you downloaded in step three.

***Tip:** If you're having trouble finding the Demo Set you downloaded, try looking in 'Documents' on Mac, 'My Documents' on PC or 'Downloads' folder.*

When you've found the file, click OK and your Launchpad will light up, showing you where all the clips are.

Press a pad to launch a clip.

If You Run Into Problems...

If you're having trouble, please don't go back to where you bought your Launchpad. Let us help: we have free video tutorials online, including a step-by-step setup guide.
